Write Now! Persuasive Writing Prompts: **Become an Email Subject Line Machine**

Practice your copywriting skills with this prompt from The Professional Writers' Alliance (PWA).

In this Write Now! exercise, you can become an email subject line machine.

Watch this video by Pam Foster, Director of Copywriter Training at AWAI (American Writers & Artists Institute) to see how you can strengthen your email copywriting and results. (Or read the transcript below.)

[Play Video](#)

How many emails do you get in a given day? And how many do you instantly delete because the subject line is boring, spammy or useless?

Take an email you recently received — one that's trying to sell you a product or service — and make it better by writing a stronger headline or subject line.

Don't overthink it. Just try to come up with 15 different subject lines that pique curiosity and tap into the 4 U's you've learned from AWAI (American Writers and Artists, Inc.):*

- Unique
- Useful
- Ultra-specific
- Urgent

The more you practice writing email subject lines, the more it becomes automatic and second nature.
